90th Anniversary Celebration!!

Save the Date - August 10-11, 2012

Nancy Garran
Camp Director

Dear Alumni, Parents and Friends

“Best 90 Years Ever”..... A tagline used for the 90th Anniversary summer celebration in 2012 at the Cape Cod Sea Camps – Monomoy and Wono – celebrating 90 years of serving youth in an outdoor setting on beautiful Cape Cod. Taglines as described by Wikipedia are for “creating a memorable phrase that will reinforce the audience’s memory of a product. Some taglines are successful enough to warrant inclusion in popular culture.” Although our tagline may not rise to the level of mainstream pop culture, for those of us who are a part of the Cape Cod Sea Camps family, there is an informal consensus that each summer is “Our Best Summer Ever!” which is the genesis of our 90th Anniversary slogan.

Since 1922 there has been a camp community experience on the shores of Cape Cod, inviting children and young adults to spend a summer playing, living together and learning new and untried skills in a uniquely American environment – a summer recreational camp. As Peg Smith, American Camp Association Chief Executive Officer writes, “Community is the fabric of camp!” Each summer we strive to develop positive values, build character, increase accountability for personal actions, expand on leadership opportunities, cultivate independent thinking and prepare youth with life skills such as resilience, team work, coping mechanisms and so much more. The community we establish each summer, as we have over the past 90 years, knits together a new group of children and staff who focus on creating a world of learning with six key practices that resonate each summer – enrichment and physical activity, real world applications and hands on experiences, incorporation of curricular standards such as sailing and tennis awards, and trained staff.

Ninety years ago, my grandparents, Capt. and Mrs. Del, dedicated themselves to serving youth and passionately believed in the educational and spiritual value of a camp community with properly constructed recreational activities. Capt. Del understood that every child needs to be best at something, whether hitting a baseball the furthest, sailing a course the quickest, swimming a distance the fastest or simply having the most perfect bed in camp. His innate sense of what was good and useful for children allowed him to see into children’s hearts and understand what was important to them, as individuals and as a part of a community. Although there have been many changes and transitions over the last 90 years, the result of what Cape Cod Sea Camps embodies today far surpasses anything my grandfather could have imagined with more than 1500 different campers crossing our threshold each summer and 250 different staff. Yet it is Capt. and Mrs. Del’s principles of excellence and industry, their unflagging dedication to providing children with unique recreational, educational opportunities in a supportive, nurturing setting which inform everything that happens today at the Cape Cod Sea Camps.

Capt. Del originally coined the phrase “Best Summer Ever” as a way to describe the advantages and positive outcomes his “boys” experienced at Monomoy each season. The Cape Cod Sea Camps are pre-eminent today because of Delahanty commitment, tenacity, dedication, character and passionate belief in the positive legacy of the camp community. This summer we will celebrate the “Best 90 Years Ever” with an Alumni Weekend on August 10-11, but we will also cheer on the next 90 years –the best is yet ahead – resting squarely on the foundation built by the campers and staff who came before.

We encourage your connection to Cape Cod Sea Camps and if you have a friend interested in our programs or would like current information, please let us know, visit us in person or check out our website at www.capecodseacamps.com. Thank you for being a part of our camp family and cheers to a healthy, happy and prosperous New Year – our 90th Anniversary Year! Looking forward to greeting many of you this summer on the shores of Cape Cod Bay.

From my council ring to yours,

Nancy

Grant W. Koch \$cholarship Fund Report

December, 2011

Dear Friends,

As a result of your generosity to the Grant W. Koch Scholarship Fund, last summer it was possible for 20 children to enjoy camp at CCSC Resident Camp, the Monomoy Day Camp, Brewster Day Camp, and Camp Farley. That's a wonderful achievement, and it made a real difference for the scholarship campers. One mother wrote,

“You all do a great job and have expanded the children's horizons!”

Another said,

“I'm writing to thank you personally for awarding the camp scholarship to my son.... It's such a wonderful opportunity for him & we're both happy & excited. I appreciate your generous consideration.”

Without the scholarships you provide through your contributions to the Scholarship Fund, these deserving children would not have had the opportunities they did. YOU made the difference, and the thanks go to you!

The struggling economy continues to handicap us, both in terms of investment income and contributions. As some of our friends have been forced to diminish the size of their gifts, it's necessary to broaden our donor base if we hope to maintain the current level of scholarship funding. If you have given in the past, please give again. If you've never made a contribution, please make one now. No gift is too small; every dollar makes a difference! Our administrative costs are nominal, which means your gifts support the scholarships directly on almost a dollar-for-dollar basis. And they make a big difference to the children who receive them, and also to the camps of which the children are a part.

Thank you for your consideration. We, and the children, appreciate your generous support.

Sincerely, Michael Halperson, Trustee Rick Francis, Trustee

Note: an envelope is attached to this newsletter addressed to the GWK Fund for your convenience.

GET INVOLVED IN THE 90TH ANNIVERSARY CELEBRATION OF CAMP and SUPPORT THE GRANT W. KOCH SCHOLARSHIP FUND.

We are looking for volunteers to help out with the two fundraising events for the GWK Scholarship Fund this coming 90th Anniversary Alumni Weekend and with the planning of our 90th Anniversary Celebration. Please let us know if you want to get involved!!

The GWK Charity Golf Tournament at Ocean Edge:

David Peterson, Henri Rauschenbach and Evan Mead, the organizing team for the GWK Charity Golf Tournament, are looking for golfers or GWK supporters who want to support our efforts for GWK by identifying teams of golfers, naming sponsors, sponsors for holes and who can help us with the organization of this event. The details are as follows:

12 teams: (1) Tournament Title sponsor (2) Platinum sponsors (3) Gold sponsors (18) Hole sponsors

We are also going to need assistance with planning this event, searching out sponsors, marketing the event and organizing the goody bags etc. So...if you can help us out that would be great. Please be in touch with Henri at alumni@capecodseacamps.com; david@capecodseacamps.com; or evan.mead@brookfieldpower.com

The GWK Silent Auction:

Christie Peterson and Henri Rauschenbach are coordinating the GWK Silent Auction for the 90th Anniversary of CCSC. We have run Silent Auctions for the past 3 Anniversary Reunions of the Camps and have always had significant support from our Alumni. There have been great donations to the Auction in the past: a weekend at a ski resort, sports memorabilia, tickets to sporting contests, dinners with celebrities, Claire Murray rugs, and on and on. We are looking alumni who are willing to make a contribution/donation to the Auction (that will be tax deductible). If you have an item of interest, please get in touch with Christie@capecodseacamps.com or Henri at alumni@capecodseacamps.com

90th Anniversary Alumni Reunion Spring Planning Committee Meeting:

Our Alumni Working Group is planning a spring meeting on Saturday April 14TH at Camp. If you have an interest in participating with the planning and marketing of our 90th Anniversary celebration this August 10th and 11th, please be in touch Cheryl@capecodseacamps.com or Henri at alumni@capecodseacamps.com

The 40's and 50's

Dick Davis Jr. (M'47-'58) wrote to us seeking 2 Monomoy T shirts w/ 1922 on back. He included a photo of his brother David and himself in their vintage Monomoy T's- circa 1949. **Dick Jr.'s** father, Dick Davis, was head chef at Monomoy for over 20 years- starting in 1948. Dick is living in Burbank, CA. Our traveling alumni squad, **Chris & Rachel August Horn**, ran into **Rocky Kieth (M'54-60)** in Lubber's Quarters, Abaco, Bahamas. Rocky has incredibly fond memories of the camp and sailing on the Bay. "He remembers the Niblets, PowWows, and Mercury's" and he stated "I kick butt racing down here thanks to Monomoy." He is living in on South Carolina shore during the summer and Elbow Cay during the winter. And to show he is truly enlightened he would also like to be added to the alumni mailing list. **Sandy Budnitz Mosk (W'49-'60)** and her twin sister who attended Wono for the same duration as Sandy did were in touch with us looking for Wono sweatshirts.

Jessica Flaxman with Julia Sussman, Stacy Ingraham Loscalzo with Caroline and Lindsey Mead Russell with Grace. All at pool opening day of second session.

Sandy is living in California. **Mimi Shore Richards (W'52-'54)** sent along a book of camp related references that her

grandchildren put together in a book that they gave her for her 70th birthday. Wono was prominently featured. Mimi is living in Bellevue, WA. **Robert McMillan (M'56)** dropped us an email that identified him as living in Del Mar, CA. Got a lovely note from **Nancy Hayward Mitchell (W'44)** about **Prill Sargent Korell (W'39-'55)**. Nancy had sent a contribution to the Grant W. Koch Scholarship Fund in memory of Prill. Nancy admired Prill's love of Wono, sailing, clambakes, blackouts, hiking to Flax Pond, the tides etc. They were best friends – what more could one ask for? **Mike Flagg (M'53-'56)** is now in Sellersville, PA. **Bill Harryman (M'48-'50)** sent us a number of pictures and other camp memorabilia after their visit to us this year. Of great interest were a number of pictures that Bill made available to us. I can ID this down to the unit he was in (with **Hap Farnham**) and put them in our archives. If anyone out there has any old pictures – particularly with names on them – please send them in – we can copy them and send them back if they are important to you. While Bill was reassured to see that we were still in existence after 60 years, much of what he saw was different. But he also ruminated

Kara Dabe, her sister Alicia and friend Christie enjoyed an evening out with Michael this past fall in Chicago.

that "the world is different as well". Bill lives in Taylorville, IL. **Carol Lisa Chirgwin Fligor (W'42-'49)** dropped Nancy a note last April. She had received an email from us and it triggered memories of her 7 years here at camp and the summers that her two of her sons spent at CCSC. She hopes to get to the 90th reunion this coming summer. **Robert Ober (M'45)** writes that he enjoys this publication. We, of course, like this. He attended Monomoy with his brother Peter. Bob is living in Litchfield, CT.

The 60's

Paige Price Mitchell (W'57-'62) updated her information recently and is living in Santo Rosa, CA. **Antonio Amadeo (M'58-'60)** was living in San Juan, PR and has now moved to Tennessee. He was friends with **Carlos Blanco**. Both of his brothers, **Jorge** and **Julio** went to camp as well. **Julio** sent his son **Mario** to camp in the 90's. He is wondering if anyone in Tennessee or Kentucky (which he is very near) is a camper that he might know. Let us know!! We got a nice letter from **Norman Clinton Witt (M'65)** who had seen **Nancy** and **David** down on Amelia Island several winters ago. Recently **Norman** had visited camp with **Don Kelly (M'65-'66)** and saw some 1965 Staff Pictures which he now wanted a copy of. He also wanted our email address and the address of **Mary Tewksbury Moore**. We assisted him with all of these matters. I bumped into **Donna Brown Safran (W'58-'65)** at Ocean Edge during last summer. She is

Lynn Brown & Hillary Brown Grill's sister and mother of Rachel. She remembered that 40 years ago my younger brother Carl Rauschenbach (M'56-'65) went to her house.

Whitney Rauschenbach, Michael and their friend Louise enjoyed a concert by the Boston Pops last spring.

Bill Vanasse (M'67-'68) wrote a note saying it was "great to get the Alumni Newsletter"! We like that kind of correspondence. He is currently living in Melbourne, FL. In his note he ID'd the counselor on last year's cover at Long Pond as being John Marrah (M'67-'68). The campers were from the Guides. He was a counselor with the Great Kahuna and John was with Ricky Greene. We saw a lot of Candy Clark (W'60's) this past summer at Chillingsworth! She is in fine fettle and said to say hello to one and all. Almost had dinner with Stu McGee (M'60-'66) and Bob Tucker (M'64-CCSC'78) but Stu had to cancel due to doctors orders. I've almost had a lot a meals with Tucker

though. Perhaps some day. Karen Anderson Chalfen (W'50-'67) dropped us a note about missing the Boston Reunion due to a trip to Cape Town, South Africa. Her son and his family live there. We forgave her for missing the reunion, but hope she can get to the 90th!!!. Karen lives in Boston. Susan Schop (W'60-'64) has informed us that she is living in Fitchburg, WI.

The 70's

Pam Shipley (W'66-'73) is looking forward to our 90th Anniversary bash at CCSC this coming August 2012. She also was inquiring as to the whereabouts of Madeleine & Virginia Schafer who were from New York. She is hoping to see them at the reunion. Dan Westerlund (M'68-CCSC'75) dropped us a nice email from the beautiful Eastern Shore and brought us up to date as to his whereabouts and his brother and sister. Dan is working for At&T and lives on a great old farm in Snow Hill, MD. His brother Bill is working as a Grounds Manager for a major golf course near Assateague Island. Dan mentioned that Scat McIntyre would remember his sailing skills. His sister Sarah is mar-

ried to Frank Baranek and is in the Charleston, SC area. He had also been in touch with Hal Chorpeneing but has since not been able to find his contact information. Hal is not active in our data base either. Daniel Rubin (M'65-

CCSC'72) gave us an update on his family. Michael (M'62-'68) is a lawyer in San Francisco, Rachel (W'59-'70) is living near Mt. Washington, NH, and he is a columnist for the Philadelphia Inquirer. He also mentioned Harris Pansey,

Joyce Stanton Dempsey and Barbara Dent Hinman (Joyce's counselor in 1947). Both Joyce and Barbara live in New London, NH.

Chevy Chase, and Ty Tuttle. Liz Sweibel (W'70-'73) is currently living in Brooklyn, NY and works as a writer, editor and college educator. She has an interesting web address if anyone wanted to look her up:

Tucson, AZ. She has two children. Al & Ginny Phelps (M'69-CCSC late 70's) have made the big move to Cape Coral, FL.

The 80's

Dianne Dunn (W'66-'82) drops us an annual Christmas note. She's very excited about UConn basketball, other UConn sports, her former advisees that she is now coaching against etc. Always great to hear from her

Dick Davis and his brother David walking in the Monomoy T-Shirts circa 1949 at Rock Harbor in Orleans.

and to see her. **Jalal (Joe) Akhavein (CCSC'81-'89)** is now living in Tiburon, CA. **John Barker (CCSC'74-'82)** sent his children to the Monomoy Day Camp this past summer. He is living in Wellesley, MA. I was at the Subway in Harwich last January and who should walk in but **Jennifer Thyng (CCSC'84-'85)**. We had a nice chat. Her brother John is a doctor and she is a lawyer. Must make for interesting conversations around the table at Thanksgiving. We heard from the one and only **Dr. Bernie Plansky (CCSC'82-'83)** who was seeking to get in touch with **James Kelligrew**

(CCSC'80-'86), and **David Griffin (CCSC'82-'83)**. David was from Scotland. Bernie lives in Pittsford, NY. Kelligrew lives in Charlotte, NC. We have heard from **Tomoki Hannya (CCSC'85)** who is now living in Tokyo, Japan. **Mark Spencer (CCSC'76-'82)** has two children and is living in Carrollton, TX. **Steve Cowles (M'71-CCSC'78)** has wound up in Ridgefield, CT. **Erika Palsho Cantin (CCSC'84-'90)** as both a camper and counselor is married and has one child and is living in Ellington, CT. **Dean Klitzner (CCSC'77-'81)** is married with three children living in Providence, RI. **Rusty Phelps (CCSC'84-'86)** left a note from his visit this past June touting his friendship with:

"Leif the Chief", "Kate the Great", "Mr.Huge", and Joe (Pear Shaped) Boyle. Sounds like he's been reading Marvel

Rusty lives in Catonsville, MD. **Patricia Amaducci (CCSC'82-'83)** is living in Miami, FL. **Kelle Gagne (CCSC'84)** wrote us from way down under in Cape Town, South Africa where she is a lawyer. She remembers her one summer with us and likes reading our Jib Sheets – yahoo!. Seeing familiar faces have been entertaining to her. So come by and have your picture taken if you were here in 1984. **Jonathan Esar (CCSC'85-'88)** is still north of the border in Belleville, Ontario. He is married and has two children. The 90's

Jolan Harrell (CCSC'88-'98), daughter of our long serving former Tennis Head John Harrell, is now living in Alexandria, VA. **Alexander Kleinberg** (CCSC'89-'92) got in touch with us based on his sister **Lauren** mentioning our San Francisco Reunion last January. While he was not able to

Several months ago, we added a new member to my team at work. During the course of conversations, I discovered that her husband was an ex-CCSC camper when I was a JC – his

name is **Roger Limon**. **Loren Alusic** (CCSC'85-'98) is now located in DC where he works as the Government Relations Manager for the International Council of Shopping Centers. **Catherine Magnusson Coles** (CCSC'00-'01) touched base to let us know she was living in San Francisco **Lee Parrott LaFrance** (CCSC'97-'98) has moved temporarily to Pottsdam, NY but anticipates moving back to the Cape. **Lauren Bewley** (CCSC'98-'00) is now living in Atlanta. **Aurelie Main Raingeard de la Bletiere** (CCSC'89-'91) has surfaced living in Paris. She is married and has a young child. **Diana Rhoten** (W'74-CCSC'92) has taken a new job at News Corp as Senior VP of Strategy in their new Education Division. She also says she is in Brooklyn for the long haul. **Margaret Rausch** (CCSC'90-'93) is now living in West Berlin, VT. She has a daughter.

The 00's

Emily Taradash (CCSC'04-'07) has a new job as Costume Shop Supervisor and Production Manager at Georgia College and State Univeristy. **Mike Weiler** (CCSC'93-'07) is now working for EMC as an account executive. A long way from listed RAFTCO at CCSC as your past job. **Erin Gottron** (CCSC'10) emailed Cheryl to let her now that she couldn't make our San Francisco Reunion. She was in Ohio.

Former Monomoy Day Campers Emily Holland and Brittany Whitman stopped by Hillside over Labor Day Weekend to visit with Michael Halperson.

Katherine Ball Errecart (CCSC'90-'02) did mention that **Justin Hawkins** (CCSC'02-'06) did attend her wedding. She also wants to know when we will hold a Seattle Runion. We'll have to do that next year. **Kendra Kocovsky** (CCSC'97-'02) has let us know that she is now living in NYC. **Johanna Lovecchio** (CCSC'00-'07) took a cross country trip this past summer to benefit affordable housing. It was a two month journey. **Ana Lydia Cespedes** (CCSC'92-'09) has landed in Brownsville, TX. Not really, of course. It's just an address. She is in Mexico City working for Mexico's largest bank. It's hard work and she'd rather be sailing in Cape Cod Bay, but she loves it. If you have any old coupon books, maybe she can change them for you. **Oonagh Korver Swan** (CCSC'01-'03) and her husband, **Simon**, visited with us this past June and stayed at our new addition – the Sea Meadow Inn. We think this is a great idea, of course. Oonagh lives in Devon, England and is an Occupational Therapist.

Thoughts While Riding

By Rick "Otis" Moyer, Director of the MIGHTY Monomoy Day Camp- Fall 2011

"That's FIVE-Let's have camp". What a fun and great tradition started a few years ago by none other than our Assistant Director/ Registrar Andrew 'Crash' Sims. In addition to many and varied camp responsibilities 'Crash' is in charge of providing a pick up and drop off bus service to our families from all over Cape Cod. This is a very tedious and complicated job co-coordinating the hundreds of Monomoy Day Campers that take advantage of this complimentary service both morning and afternoon. There are no less than 90 multiple stops each day coordinated by Crash with the help of the drivers and 2 counselor/monitors on each bus. As I remember the sequence of how this tradition started; it was quite simple, but very spontaneous. Up to two years ago we had 4 busses involved in our program. As the 4th bus emptied on a typical and random Monomoy Day Camp day, Crash jumped up on a picnic table in front of the day camp and yelled at the top of his lungs: **That's 4 let's have camp.** Who was to know that this would start a tradition that is now ingrained in our culture? There have been a couple days that Crash was not available to pull off the duty and we asked someone to sub. It was not the same and in fact embarrassingly not even close even though the effort was there. Either the sub did not have the enthusiasm, did not have the circular hand motion needed for the desired effect, struggled to leap up on the picnic table, did not have the verve and determination needed to pull off the event. My hat goes off to Crash. He will go down in the annals of the MIGHTY Monomoy Day Camp as creating a lasting tradition that I hope is carried out long after we have all moved on. Thanks Andrew 'Crash' Sims. What would camp be without some cherished traditions?

The 2011 season will go down as another great and wonderful summer thoroughly enjoyed by 70 plus staff and close to 900 different day campers. Rain can play havoc on the MIGHTY, but this summer when it did rain it was mainly during the time when it did not have a major impact on our program. With one exception, a day when it rained 3 inches in a short span of a couple of hours. The area in front of the Art Building filled with over 3 feet of water. The event made for a very fun time for the Crew Unit (4 and 5 year olds) who had a ball sloshing through the unexpected Lake MIGHTY.

I have to take my hat off to our wonderful staff. Our head counselors are superb. All but two of the eight head counselors are certified teachers. It shows as their expertise and professionalism constantly shines through. We are blessed to be able to attract and maintain such strength on our counseling staff.

As we gear up for another phenomenal year at the MIGHTY Monomoy Day Camp I personally think about how fortunate I am to serve as the Director. We are surrounded by top quality individuals in every facet of our camp; (Our Administrative team, our counselors, our campers, our parents, and our support staff).

How lucky can one person be?

Stephen Wallace

Recognized for 30 Years of Service
to Youth

Some 225 people, including camp staff and families, joined SADD (Students Against Destructive Decisions) for an evening of friendship and celebration, honoring Stephen's three decades of service to young people and families, including 15 years as SADD National Board Chairman & CEO. Woven into the same event was an announcement of the founding of Center for Adolescent Research and Education (CARE) at Susquehanna University, which Stephen will direct as an associate research professor at the University. As L. Jay Lemons, President of Susquehanna University, explained "We will continue to go beyond just 'what' teens are doing to analyze the 'whys' of teen behavior. And we will create communication tools to empower parents and other adults to play a more active role in guiding the choices young people make on their way to maturity."

Nancy Garran, Carol Austin, Henri Rauschenbach, John and Chris Cusano, and Mark and Silvia Lederman all served on the event committee. Also attending were Eric Lichatin, Sean Abbott, Steve Haddad, Alison and Larry Eichler, Bowman Hallagan, Whitney Rauschenbach, Melinda Shumway, and the Schneebergers. 2012 AC Pierce Keegan was one of the youth speakers.

This was a great night of recognition

Frank Lajoie

Retires from CCSC Board of Directors

Frank Lajoie in 1986 at Wono.

After more than a four-decade relationship with the Cape Cod Sea Camps, Frank has chosen to step down from the Board of Directors. He will remain as a Director Emeritus and continue to offer us his wise guidance and insight as circumstances may dictate. Frank's impact on the Camps has been extraordinary. Everything from visioning and overseeing the movement of Monomoy into Wono, changes in our daily schedule, revamping the access road

into Wono and so much more was due to his commitment to making the Cape Cod Sea Camps function more efficiently and effectively. While we will miss Frank at the Board meetings, we know that this time for himself is well deserved.

Alumni In the News – the Arts

Dan Greenwood performs in the New York Production of *Pirates of Penzance* at the Metropolitan Opera this past Holiday Season where he received a mention in the New York Times review of the

Peter Gelb production. He has been performing in New York and on the Cape during the summers for several years now. We remember well when he graced our stage at camp.

And thinking of the Greenwood's – Debbie Greenwood (our wonderful Art Director) was recently honored as Educator of the Year by the Arts Foundation of Cape Cod. Deborah Fowler Greenwood is a sixth and eighth grade art director at the Cape Cod Lighthouse charter School in Orleans and established Art Spark! – an after school enrichment program.

April 16, 2011 7:30 PM

Hailed for playing that is "first rate" and "fascinating," in The New York Times, pianist Marc Peloquin is recognized for his highly imaginative and insightful music making, earning the admiration of musicians, critics and audiences alike. The Washington Post declared that his performance of Frederic Rzewski's *Winnsboro Cotton Mill Blues* was "spectacular" and further that "his transcription of Mahler's *Ich bin der Welt abhanden gekommen* was lucid, sensitive and flexible of rhythm."

The Sea Meadow Inn

Nancy Garran is pleased to announce new ownership of – and a new/old name for - the Isaiah Clark House in Brewster, MA by the Delahanty family. But first a little history.

“My grandparents, Robert and Emma Delahanty, started their journey in the camping business on Cape Cod 90 years ago and moved Camp Monomoy for Boys from Harwich to Brewster in 1926. Thirteen years later, they opened Camp Wono for Girls on the site of the Wild Acres estate just down the beach from Monomoy, which is now part of Nickerson State Park and adjacent to our Linger Longer cottage and apartment rental resort. This new purchase of a Bed & Breakfast Inn in Brewster marks a further commitment to provide quality lodging for seasonal visitors to Cape Cod”.

Following a successful summer season in its first year of operation, the Sea Meadow Inn is pleased to announce the appointment of David Baldwin as resident innkeeper. Joined by his partner, Jim Perry, the pair comes to the Sea Meadow Inn with a wealth of hospitality experience and a genuine desire to make every guest feel special. As David often mentions, “Innkeeping is not a job, it is a lifestyle.” Honing his skills in Florida at Silver Resorts and in New York at the Catskill Lodge, both small family-owned properties, David has the skills and desire to ensure every guest’s getaway to the Cape is memorable and enjoyable. His attention to detail and willingness to work hard to exceed his guests’ expectations guarantees each stay at the Sea Meadow Inn will be as special to returning friends as it will for new guests.

David looks forward to welcoming you to the Inn and hopes the new rate structure, change in minimum nights, and seasonal specials will entice you to stay sooner rather than later. Although rates have gone down for the shoulder seasons, the same high level service (and delicious breakfasts) you expect will be continued. If you haven’t signed on as a Friend on Facebook, we encourage you to do so to learn what specials we are offering, and general news of the Inn and the Brewster area. Soon to come will be a new website with updated information and pictures.

Our rooms have now been redecorated in Cape Cod themes while honoring Captain Isaiah Clark’s legacy by retaining the names of his children, grandchildren, and great-grandchildren for our rooms. It is this blend of history with modern amenities that makes the Sea Meadow Inn a special place.

In addition to environmentally friendly practices and recycling paper, plastics, cardboard and other materials to reduce our contribution to the waste stream, the Sea Meadow Inn is pleased to join the efforts of Clean the World™ Foundation. Through participation and training, the Sea Meadow Inn has proudly become one of the members of the Hospitality Recycling Program. Collecting slightly used soap bars and shampoo containers after our guests depart, these products are shipped to Orlando, FL for recycling. With seven bedrooms, a significant amount of slightly used soap bars and partially used shampoo bottles are generated on a daily basis. Joining Clean the World, the Sea Meadow Inn is proud to be part of an organization which has distributed more than 400 tons of recycled products to over 40 countries with a significant impact to improving the health of the recipients.

David and the staff at Sea Meadow Inn look forward to welcoming Cape Cod Sea Camp families and alumni year-round. Please mention your affiliation with CCSC and we’d be pleased to offer you an incentive to stay with us when you are in Brewster.

Pan Mass Challenge (PMC)

By: **Otis**

Director of the Monomoy Day Camp
and 18 year rider.

What started off as a simple 'Feel Good Experience' many years ago has turned into a 'Great Life Experience' for the Cape Cod Sea Camps and beyond. The PMC is a fundraiser recognized as the largest single participatory fundraiser in the world. Due to the fact that the PMC raises 35 million per year with 100% of all proceeds going directly to the Dana Farber Cancer Institute in Boston it is easy to lay claim to this fact.

Each year CCSC spends a few days involved in fundraising for the event as well as many of the Junior Counselors and staff volunteer in many capacities during the ride. On ride morning, as the 5,500 riders wend their way along route 6A en route from Sturbridge, MA to Provincetown, MA the magic happens. 500 staff and campers, individually availed with noise makers create absolute mayhem as the riders pass. Rider after rider comment on how they look forward to DA' Hedge at CCSC as the highlight of the 192 mile ride as it motivates them to deep peddling as Provincetown is only a mere 45 miles ahead.

The 30 person CCSC/PMC team reached a milestone this ride. The team went over the one million mark for total funds raised during their 18 year involvement. The mantra of the team is simple: "We still have work to do, and everything we do is for all of the right reasons". Team members are inspired and motivated by the 7 Captains we are committed to ride for. They are local young adults and youngsters that are dealing with cancer, or have had to deal with cancer in the past. Schuyler, Logan, Isabella, Brent, Bennett, Kevin and Jack are the ones that keep all of us motivated. We love and respect them.

It must be the pressure of getting up early in the morning to cheer the riders at "da Hedge". It is obvious that Alan Peterson and Chris Horn have lost it.

Well isn't this a fine pair. Tom Pranikoff (M'70-CCSC'85) and Rick Williamson (M'60's) meet at "da hedge".

Two strong supporters of one strong person. Loren Alusic, friend of Brian Lutes, and Warren Lutes (W'58-'71), father of Brian Lutes, gather to support him at "da hedge"!

The CCSC 2011 PMC Team

The Wynant brothers - Joseph (CCSC'01-'07) and Peter (CCSC'04-'10) - make the trek in order to support PMC. Of course they are required to stop by camp.

All kinds of people show up for "da hedge" including CCSC board of Directors' member Carol Austin (W'51-CCSC'11) and Laurie Goodyear (W'68-CCSC'75).
